Dedicated to Maharana Pratap

Maharana Pratap Group of Institutions draws its inspiration from the great Rajput ruler, Rana Pratap of Mewar, son of Maharana Udai Singh. Born in 1590, he was a great patriot and warrior who had the courage to fight the powerful Mughal forces under emperor Akbar. He continued to fight against the Mughals till his last breath and never compromised with his dignity and self-respect. He along with his family shared the agony and hardships of the masses without the least sense of exploitation. His life is an example of living with honour and empathy.

We salute the beliefs of this great ruler and dedicate ourselves to pursue his ideals to the best of our efforts.

MPGI commenced its journey in the year 1995, with a mission to provide wholesome and quality education to the youth of the nation. From a modest beginning of just one school in Kanpur, our family has expanded to 7 Schools, 9 Colleges & a University located across the cities of Kanpur, Lucknow, New Delhi & Jaipur.

We have been providing excellence in education by offering various courses in the diverse streams of Engineering, Management, Dental, Pharmacy, Information Technology, Mass Communication, Interior Designing and Fashion Technology.

Our campuses, spread over in several hundred acres of lush green surroundings, boast of modern infrastructure, well equipped libraries and laboratories. Together, we work as a team of more than 1000 highly qualified faculty members committed to shape the future of over 10000 students. It is our ultimate goal to make each student both ‘CAPABLE’ and ‘EMPLOYABLE’ by giving him umpteen opportunities to showcase his/her talent through various extracurricular activities and excellent campus placements.
Established Maharana Pratap Education Centre (MPEC), at Sharda Nagar, Kanpur, an English medium public school affiliated to the UP Board.

1996

Established Maharana Pratap Engineering College, the first private engineering college of Kanpur.

1997

Established day boarding culture in the city.

1999

Established its second branch of public School at Indrapuri, Kanpur, which is affiliated to the ICSE Board.

2001

Established a 100 bed multi specialty hospital at Kothi, Mandhana.

2004

Established the third branch of Public School at Keshavpuram, Kanpur, which is affiliated to the CBSE board.

2005

Established Maharana Pratap College of Pharmacy Mandhana, Kanpur.

2007

Established Maharana Pratap College of Management & IT.

2008

Established Maharana Institute of Professional Studies in Bhosari, Kanpur.

2009

Established Maharana Pratap College of Engineering.

2010

Established Maharana Pratap School for Vocational Studies, Mandhana, Kanpur.

2011

Established Maharana Institute of Technology & Sciences, Lucknow.

2012

Established Maharana Institute of Communication Studies in Lucknow.

2014

Established Maharana Pratap University in Shapiro with various courses.

2016

Established Maharana Institute of Technology & Sciences, Lucknow.

2017

Established Maharana Institute of Technology & Sciences, Lucknow.

2018

Established Maharana Institute of Technology & Sciences, Lucknow.

2019

Established Maharana Institute of Technology & Sciences, Lucknow.

2020

Established Maharana Institute of Technology & Sciences, Lucknow.

2021

Established Maharana Institute of Technology & Sciences, Lucknow.

2022

Established Maharana Institute of Technology & Sciences, Lucknow.

2023

Established Maharana Institute of Technology & Sciences, Lucknow.

2024

Established Maharana Institute of Technology & Sciences, Lucknow.

2025

Established Maharana Institute of Technology & Sciences, Lucknow.

2026

Established Maharana Institute of Technology & Sciences, Lucknow.
Secretary’s Message

Dear Learners,

You all come to us from multivariate cultures. Addressing the diversity as well as the various challenges of multicultural society education is a major issue in contemporary times. The education needs to be harmonized and eclectic.

We at MPGI are trying to keep in pace with the challenging context of the community and society by providing an education that is open and flexible enough to help the learner function excellently under a global canvas.

The facilities and the state of art infrastructure provided here will surely enable you all to swim smoothly into the current of knowledge.

I wish you all great success in life.

Shailendra Bhadauria

Jt. Secretary’s Message

Dear Students,

MPGI has been established with an objective of creating social awareness and imparting quality education at all levels from technical to higher or professional education. We also visualized that social transformation can be brought about through the medium of dynamic education.

We believe that you are coming here with many dreams and we will help you to bring them into reality. So, let us work together in this endeavour to build a career for you.

Gaurav Bhadauria
Maharana Pratap Engineering College [MPEC]

Maharana Pratap Engineering College, approved by AICTE, New Delhi and affiliated to Gautam Buddha Technical University, Lucknow, was established in the year 1999. The College campus is spread over 50 acres of land located near Mandhana on G.T. Road, 3 km from I.I.T., Kanpur.

The College offers graduate and undergraduate programmes. All the departments of the college are well equipped to make the students aware of the latest developments in their respective fields. At MPEC, emphasis is given to not just academic performance but also to personality development. Students are encouraged to be active members of committees like the Cultural Committee, Sports Committee, Green & Clean Committee, Training & Placement Committee etc. for the academic and technical growth of the students. The college is committed to providing quality and holistic education to its students to ensure a brighter tomorrow for them and the society.

Courses Offered

- B.Tech. Electrical Engineering
- B.Tech. Mechanical Engineering
- B.Tech. Electronics & Communication Engineering
- B.Tech. Electronics & Instrumentation Engineering
- B.Tech. Computer Science & Engineering
- B.Tech. Information Technology

Maharana Institute of Professional Studies [MIPS]

Maharana Institute of Professional Studies (MIPS) is a part of the MPGI group and is situated in lush green surroundings on Kalyanpur Bithoor road, Kanpur. It is located at a distance of 7 Km from G.T. Road, and is easily accessible from all parts of Kanpur city. The institute is spread over a land area of 15 acres, with well designed modern buildings and infrastructure and it offers the very best to the students in terms of facilities.

In a short span of time, the institute has earned the recognition as one of the foremost institutions in Uttar Pradesh, imparting education in engineering and business disciplines. The institute is affiliated to the Gautam Buddha Technical University (GBTU), Lucknow.

Courses Offered

- B.Tech Electronics & Instrumentation
- B.Tech Electronics & Communications
- B.Tech Computer Science
- B.Tech Information Technology
- M.B.A.
- M.C.A.
Ahara Pratap college of Pharmacy is an integral part of MPGI, Kanpur. MPCP was developed in 2005, with a view to create technically qualified personnel for research and development, academia, regulatory affairs and administration in the field of Pharmaceutical Sciences. The college is affiliated with technical bodies like AICTE, New Delhi, UPTU, Lucknow and Pharmacy Council of India, New Delhi. The college campus is situated at Kothi, Mandhana 4 kms apart from IIT Kanpur on the Grand Trunk Road. A 100-acre sprawling campus in picturesque surroundings provides a refreshing and stimulating environment.

The vision of the college is to orient pharmaceutical education with concrete knowledge of practical and theoretical subjects which shall be relevant to the real world of work, attractive to the students, approachable to the industry and connected to the community at large. The college equips the students with not just skills and knowledge in pharmacy but helps them to identify their talents, develop the right attitude and realize their full potential. It offers the best of infrastructure and an experienced and dynamic faculty.

**OUR COLLEGES**

**MPCE (formerly known as MPCW - Maharana Pratap College for women) was established in the year 2009 by MPGI to impart quality education in the field of engineering & technology. The college is situated in the heart of city at Kalyanpur. We have a total of 15 acres of lush green campus on the main Kalyanpur-Bithoor road. It has an excellent infrastructure comprising of 5 storied academic building with modern infrastructure. The well established labs & workshops with modern equipments are one of the best of its kinds. The huge library has more than 7500 books with national & international journal & internet facility. The Ibs-sys software of our library makes access easier for our students.

The air-conditioned computer lab consists of Laptops and Desktops. All students get laptops to work on various system and application software that helps them to learn their academic curriculum. The lecture theatres, Hi-Tech, Class room/Tutorial are equipped with LCD projectors, OHP etc.

MPCE has well furnished Chemistry laboratory to conduct the prescribed experiments. The lab is equipped with modern and advanced apparatus. Physics has always played a key role in every field of Science. MPCE has a well equipped Physics Lab.

**COURSES OFFERED**

B.Tech. Electronics & Communication Engineering
B.Tech. Electronics & Instrumentation Engineering
B.Tech. Computer Science & Engineering
B.Tech. Information Technology
B.Tech. Civil Engineering

**MPCP**

Maharana Pratap college of Pharmacy is an integral part of MPGI, Kanpur. MPCP was developed in 2005, with a view to create technically qualified personnel for research and development, academia, regulatory affairs and administration in the field of Pharmaceutical Sciences. The college is affiliated with technical bodies like AICTE, New Delhi, UPTU, Lucknow and Pharmacy Council of India, New Delhi. The college campus is situated at Kothi, Mandhana 4 kms apart from IIT Kanpur on the Grand Trunk Road. A 100-acre sprawling campus in picturesque surroundings provides a refreshing and stimulating environment.

The vision of the college is to orient pharmaceutical education with concrete knowledge of practical and theoretical subjects which shall be relevant to the real world of work, attractive to the students, approachable to the industry and connected to the community at large. The college equips the students with not just skills and knowledge in pharmacy but helps them to identify their talents, develop the right attitude and realize their full potential. It offers the best of infrastructure and an experienced and dynamic faculty.

**COURSES OFFERED**

B.Pharm. Bachelor of Pharmacy

**GBTU Code-522**

Maharana Prataap College of Engineering [MPCE]

**GBTU Code-200**

Maharana Pratap College of Pharmacy [MPCP]
The Dental College building is constructed on a huge span of 2,00,000 sq. ft. area. It is situated in the midst of lush green surroundings away from the chaos of the city to provide a suitable environment for students. The college is Recognised by Dental Council of India & affiliated to CSJM University, Kanpur.

The main building of the Dental College comprises of an administrative block, four centrally air conditioned lecture halls, a conference room, eight dental departments, six medical sciences departments, five non-clinical dental departments, a well stocked library and a digital library with internet services.

The state-of-the-art Lecture Halls can accommodate 100 students at a time and are equipped with all the necessary modern instruments. It comprises LCD projectors, overhead projectors, audio-visual devices, speaker systems etc.

The Dental Departments are well equipped with fully automated GNATUS dental chairs complete with all types of instrumental connections required for various types of dental surgical processes and treatment.

The spacious Dental Library is adequately stocked with more than 10,000 books and subscribes to over thirty national and international journals.

The 100 bedded Maharana Pratap Hospital is situated within the campus providing all kinds of medical treatment to the patients.

COURSE OFFERED

B.D.S. Bachelor of Dental Surgery

Maharana Institute of Technology & Sciences [MITS]

Maharana Institute of Technology and Sciences was set up in the year 2008 and is approved by All India Council of Technical Education (AICTE), New Delhi. The Institute has its city office in Vineet Khand, Gomti Nagar, Lucknow for correspondence and students admissions. The institute is spread over 20 acres of land. The proposed built up area is 4 lacs sq. ft which will include the administrative wing, academic wing, placement cell, hospital, sports arena, auditorium & activity centre.

The college seeks to provide the best possible education facilities and prepare technocrats of the future in the fields of engineering and technology and to develop MITS as a premier institute to promote technical education and research to produce quality engineers and professionals. Its objective is to train students to meet the challenges of latest technology and developments and to continuously strive to upgrade and attain higher standards of quality education and inclusion of new and emerging technology in the curriculum.

COURSES OFFERED

B.Tech. Computer Science and Engineering
B.Tech. Electronics & Communication
B.Tech. Information Technology
B.Tech. Electronics and Instrumentation
B.Tech. Mechanical Engineering
M.B.A.
M.C.A.
ICS was established in 2008 under the aegis of Maharana Pratap Group of Institutions (MPGI) to launch professional courses in response to a rapidly changing global environment. We started an independent autonomous one-year postgraduate program in communication and new media and the response was enthusiastic.

With excellent ambience, the infrastructure in terms of classrooms, computers and laptops with all the required software used in the industry and Wi-Fi connectivity, studio equipped with audio-video tools and a well-stocked library, keeps atmosphere enriching for a student to develop himself into a professional who will excel in the industry. The placement of the first batch of students in the reputed media houses speaks of our success. Our corporate relations benefit the institute in securing good placement for our students both in media and business houses.

We strive to put students into working environments with our core faculty drawn from the very best in the profession and back up support from excellent visiting faculty who contribute towards teaching and research. The course module is not mere theory or confined to classroom lectures but involves practical and field assignments so that the student gets the feel of real life action.

We pride ourselves in our unique teaching methods and learning environment which gives to our students practical, hand-on knowledge, skills and attitude as well as work ethics which makes them highly sought in business today.

COURSES OFFERED
- B.A. Mass Communication
- M.A. Mass Communication
- 1 Year PG Diploma in Mass Communication

Maharana Institute of Communication Studies [MICS]

Maharana Pratap School for Vocational Studies [MPSVS]

Maharana Pratap School of Fashion and Media is a pioneering institute of fashion technology imparting quality education. It has been set up by the MPEC Society, a Society registered under the Society’s Registration Act, 1860.

Our objective is to train professionals with a comprehensive range of cognitive and intellectual skills, planned to develop across a wide range of learning experiences.

The group enjoys very high employability among reputed organizations and a high status as North India’s most prestigious in the field of education & training for the fashion and related sectors. A number of MPGI alumni are in key positions in the industry all over the world. The school takes pride in its high caliber faculty, outstanding track record in student exchange, international networking & placement.

The group has been able to grow steadily over the last decade or so, primarily on the foundations of its professionally trained faculty members, who have rich industry experience and are committed to continuing research and development. Being one of the finest institutes of various disciplines, our teaching is supported by the latest machinery, equipment and facilities. Besides this our activities and operations are closely linked with some of the best institutions in the world, as well as the industry.

MPGI has only attained national and international repute for its pre-eminent status as an industry oriented, state-of-the-art training centre.

COURSES OFFERED
- B.A. Fashion Technology
- B.A. Interior Designing
- B.A. Mass Communication
Our Infra

- MPG-I colleges are spread over 500 acres of land in lush green surroundings.
- MPG-I Campuses have an overall constructed area of over 15 lakhs sq ft which comprises of approximately 20 academic blocks.
- Our premises are symbols of ultra modern architecture, especially designed to suit the need of the students.
- It includes well designed Lecture Theaters (LT’s), Cafeteria, Student Activity Centers, Auditorium, Conference Room etc.
- MPG-I has well stocked libraries which has a large number of books and research journals for the reference of the students.
- MPG-I Laboratories are spacious and well organized with sophisticated equipments. We have both Technical and Communication Labs dedicated to give hands on experience to the learners.
- State-of-the-art infrastructure.
- More than 3000 systems, fully networked.
- Best IBM servers to govern the activities of the networks.
- 24 hrs high speed internet connection.
- Hostel and Mess facility to cater the needs of 2500+ students for both boys and girls.
- MPG-I even has an in campus multi-speciality hospital of 100 bed capacity.
- MPG-I has huge Recreational Area with Sports Arena having Cricket field, Basketball & Volleyball court etc. Indoor stadium is coming up in Pratap University.
- Presence of banks and ATM booths within the campus add convenience to the lives of our students.

---

**Academic Excellence**

The Institute is simply not constrained by the borders of the syllabus. With the fast changing era the most recent and modern educational and technological contributions are made to compete with the shifting needs of a worldwide society. The amount the students benefit cannot be articulated in words. The Institute has lately introduced a pioneering Mentorship Programme for encouraging the students. The Mentors keep a proper gaze on the behavior, presentations and all-over development of students in very small groups.

Ecological alertness and education is an essential part that helps in spreading awareness. This is often done through the active input of the students. The college has tie-up with different business giants to offer value-added certifications to the students that can assist them in their life along with their scheduled curriculum.

**Academic Excellence**

**Qualified Faculty**

At MPGI the faculty needs to qualify rigorous testing and interpersonal interview skills with some of the most experienced personalities, in order to impart learning at the Institute. Continuous checks over the learning paradigm are performed in order to improve the teaching processes being adapted by the faculty. This is accomplished under the guidance of expert professionals.

The faculty is provided with latest methods and techniques for teaching and learning by the Institution heads. These processes are performed for testing and the successful processes are used in the Institute curriculum for the success of our students.

**Research & Development**

MPGI provides individualized consulting and mentoring on both potential and ongoing teaching and learning research projects. If you are interested in, or in the midst of, conducting research on teaching and learning, you can meet with an Educational Research Consultant at MPGI to discuss your progress and/or your ideas. We can also help to connect you with others on campus who are doing similar work.

**WE PROVIDE CONSULTING ASSISTANCE WITH:**

- Narrowing in on a topic of interest
- Developing and refining a research question
- Selecting and developing a research design
- Considering ethical issues that might attach to the research (we can also connect you with additional ethics support from the Research Office for Administration, Development & Support.
- Seeking and securing funding
- Collecting and analyzing evidence
- Disseminating results
- Integrating the results of your research back into your teaching practices
**Multimedia Services**

PGI offers a wide range of high quality multimedia services/tools for instructional purposes to the MPGI teaching community. We assist instructors in the development of multimedia teaching applications and course materials for use in the physical and virtual classroom. We provide the opportunity to creatively engage our students through digital video, audio, graphics and animation. We work directly with instructors to determine their instructional technology needs and to provide the appropriate assistance and resource coordination. By providing innovative solutions to a variety of teaching and learning problems, MPGI hopes to build on the quality of teaching already offered at MPGI Group of Institutions.

**DIGITAL MEDIA SERVICES INCLUDE**:  
- Flash Animation  
- Adding and enhancing graphics, interactions and videos to course content  
- Audio narration to course modules and presentations  
- Advice & Assistance with Website Creation  
- Online Demonstrations & Tutorials  
- Multimedia Presentations

**Web Conferencing**

Web conferencing is a communication tool that allows real-time collaboration between students, instructors and researchers over the Internet. It allows participants to communicate and collaborate in real-time using full duplex audio, video and text chat. View presentations, take web tours or share applications on desktop systems with others in your class wherever they are located. It’s easy to create interactive, indexed recordings of the sessions for playback later so students can review any time.

**BENEFITS OF WEB CONFERENCING**:  
- Presentations by faculty or guest presenters (world wide)  
- Student review of in-class lectures  
- Virtual office hours  
- Student group discussions  
- Meetings  
- Small group tutorials  
- Peer mentoring

**Department Highlights**

**CHEMISTRY**  
- Organization of Debate on “Role of Chemistry in the field of Engineering”  
- Conducting Quiz Competition on “Awareness of Environment”  
- Departmental discussion on “Role of Solar Energy in Human Life”  
- Established Chemistry lab.

**PHYSICS**  
- Conducting Quiz Competition.  
- Individual assignments and its periodical evaluation.  
- Established Physics Lab.

**MATHEMATICS**  
- Research papers published by the Faculty  
- Organized Open Book Test

**MANAGEMENT**  
- Research papers Published and presented in Seminar.  
- Academic development achieved by Faculty  
- Quiz Program arranged.

**MECHANICAL ENGINEERING**  
- Auto Cad Training Organized.

**E-learning**

MPGI is working with latest technologies to improve efficiency in working environment and the new learning management system & ERP system, is now in production. The ERP System is a web based course management system & Institute Management System designed to create a rich online learning environment for students. This includes features such as an electronic dropbox, an automated gradebook, discussion boards, quizzes, online assessment, faculty tracking, time-table tracking and course tracking and a lot more. MPGI has collaborated with NPTEL to float video lectures within its premises recorded from prominent IIT institutions. MPGI constantly promotes the lectures amongst its faculty members in order to improve the learning processes and fill the gaps between the education provided in IIT’s and MPGI. MPGI has comprised a team of experts in order to rate its faculty in terms of the lectures they deliver and such feedbacks are surprisingly performed between the lectures which assures us of maintaining quality processes in education.

**Empaneled with NPTEL**

National Programme Technology Enhanced Learning (NPTEL) provides E-learning through online Web and Video courses in Engineering, Science and humanities streams. The mission of NPTEL is to enhance the quality of engineering education in the country by providing free online courseware funded by Ministry of HRD, Govt. of India.
mpgi focuses on lectures, mentoring and giving recommended texts time and again. Student needs are determined in collaborated groups, where people of different ages and different degrees of expertise participate, design and contribute continuously to the curriculum and extra activities in order to channelize time and energy of the students in the right direction. Thus students are encouraged to be part of “Learning Labs”. These labs are enriched with various technological tools, faculty, experts, and mentors, all of which help students to discover their NEW SELF.

At MPGI, emphasis is laid on the process of on-campus placements. Here students have all relevant details of the companies visiting and their schedules. Many companies are invited on-campus to conduct Pre-placement talks and workshops to brief students on successful careers with them.

Industrial Visits

It is important to get good grades in college career, however being involved in extra-curriculum activities is like getting work experience. Like an internship, is valued more as the development of the well-rounded individual is a principal goal of extra-curricular activities on college campus, the numerous experiences these activities offer positively impact students’ emotional, intellectual, social and interpersonal development.

The value based education is delivered by the most competent and dedicated staff. The highly qualified teachers work with zeal and commitment to promote the educational, intellectual and emotional growth of the students.

Vibrations...
Campus Life all you desire

Along with academics, MPGI staff makes sure that our students enjoy extracurricular activities also. MPGI encourages and organizes various sports, cultural and technical events in close co-ordination with the team of faculty and staff members. It provides opportunities to students to show their talents and helps them to make the best use of time. MPGI team has always motivated and promoted students to take the charge and lead.

Cultural Program

MPGI students are encouraged to participate in frequently organized cultural programs. The students are made to perform so that the overall development is seen in them. Students are encouraged and provided necessary guidance & facilities to display & develop their talents.

Sports

Understanding the fact that "All study and no play would make Jack a dull boy", we have recreation facility in the for our students. We have a basket ball court, badminton court, volley ball court etc. apart from chess and other such interesting sports in our campus.

Clubs

At MPGI, we are at the constant process of promoting our students to participate in various other activities like reading, technical know how, computer surfing, project designing etc. We have separate clubs for faculty members and experts.
